# Create Your Capsule Wardrobe

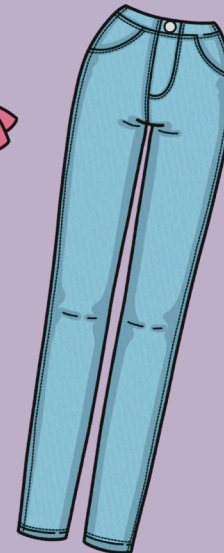

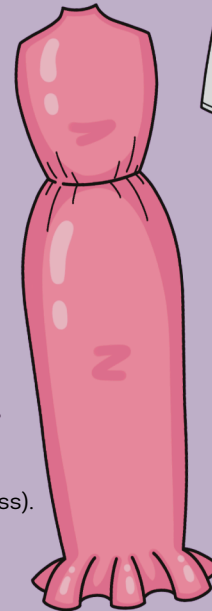

This section will teach you how to choose a simple set of clothes that you can mix and match to create many different outfits. By learning to build a capsule wardrobe, you can become a mini fashion designer right at home! Let's start by choosing your colors and clothes.

## Step 1: Choose Your Base Colors

- Begin by selecting 2-3 base colors that go well together and fit most occasions. Examples include black, white, grey, navy, or beige.
- Add 1-2 accent colors or patterns that will make your wardrobe pop and give it a unique touch. Think of colors like pink, blue, or patterns like stripes and florals.

## Step 2: Select Your Clothing Items

- 2 pairs of pants or jeans
- 1 pair of shorts or a skirt
- 3 tops (like t-shirts or blouses)
- 2 sweaters or cardigans
- 1 jacket or blazer
- 1 coat for colder weather
- 2 dresses or additional skirts if preferred
- Accent Pieces: 1-2 items with a pattern or a bright color (e.g., a floral blouse or a striped dress).

## Step 3: Mix and Match

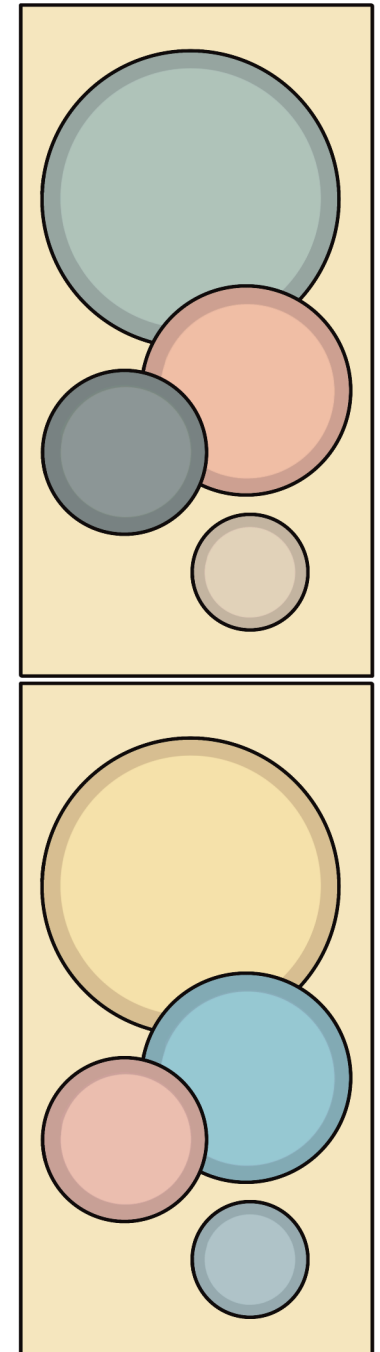

- Cut out the clothes from the provided sheets to try different outfit combinations.
- Place them on the mannequin template provided in your lapbook. See how many different looks you can create by mixing and matching the items.

## Step 4: Document Your Outfits

- Take photos of the outfits you like the most.
- Count how many different combinations you've created. Can you make more?

## Step 5: Add Your Creative Touch

- If you find you're missing a piece, feel free to draw it or cut it out from extra paper provided.
- Challenge yourself to design your very own capsule from scratch using the drawing materials.

# Fashion Creation Challenges

## Superhero Style

Design a superhero outfit based on your favorite colors and patterns. Think about what special features it would have, like capes or gadgets.

## Celebrity Red Carpet

Draw an outfit you think would be perfect for a celebrity to wear on the red carpet. Make it glamorous and photo-ready!

## Three-Piece Puzzle

Create an outfit consisting of only three pieces, such as a hat, a dress, and boots. Each piece must be a different color.

## Eco-Friendly Outfits

Design an outfit made entirely from natural or organic materials. Label each part of your outfit with the eco-friendly materials you chose.

## Holiday Fashion

Create a festive outfit for your favorite holiday, using traditional colors, patterns, and symbols.

## Pattern Play

Design an outfit where every item must have a different pattern. Find a way to make them all work together harmoniously.

## Animal-Inspired Apparel

Pick your favorite animal and design an outfit inspired by it. Think about textures, colors, and features that represent the animal.

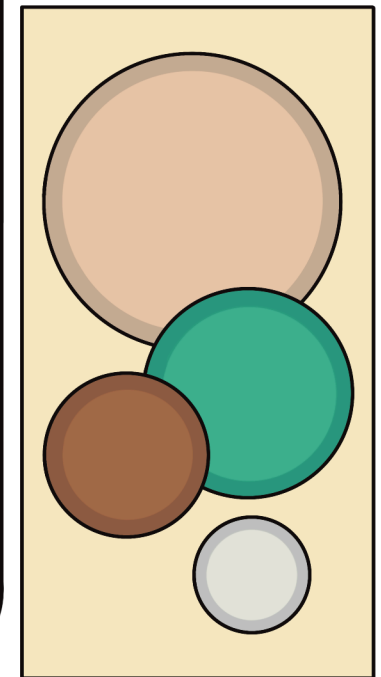

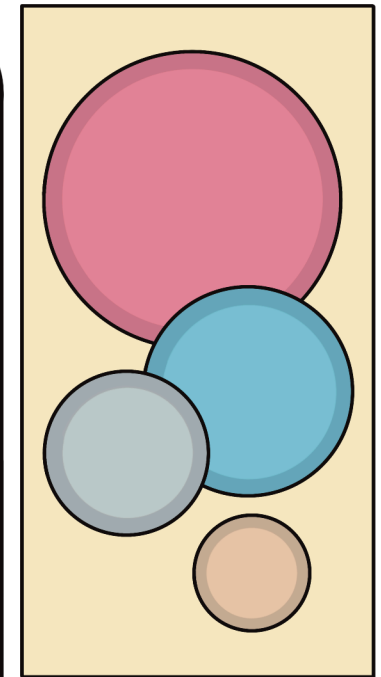

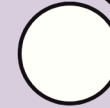

## Monochrome Magic

Design a complete outfit using only one color but in different shades (e.g., all blue). Include at least one accessory.

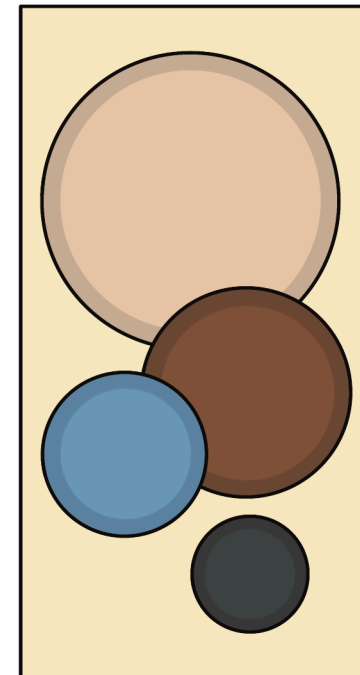

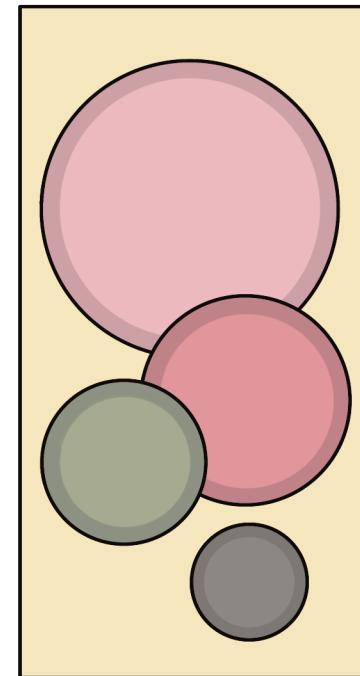

## Favorite Cartoon Couture

Choose a character from a popular cartoon or animated movie and design a new outfit for them. Think about what they might wear on a special episode or adventure.

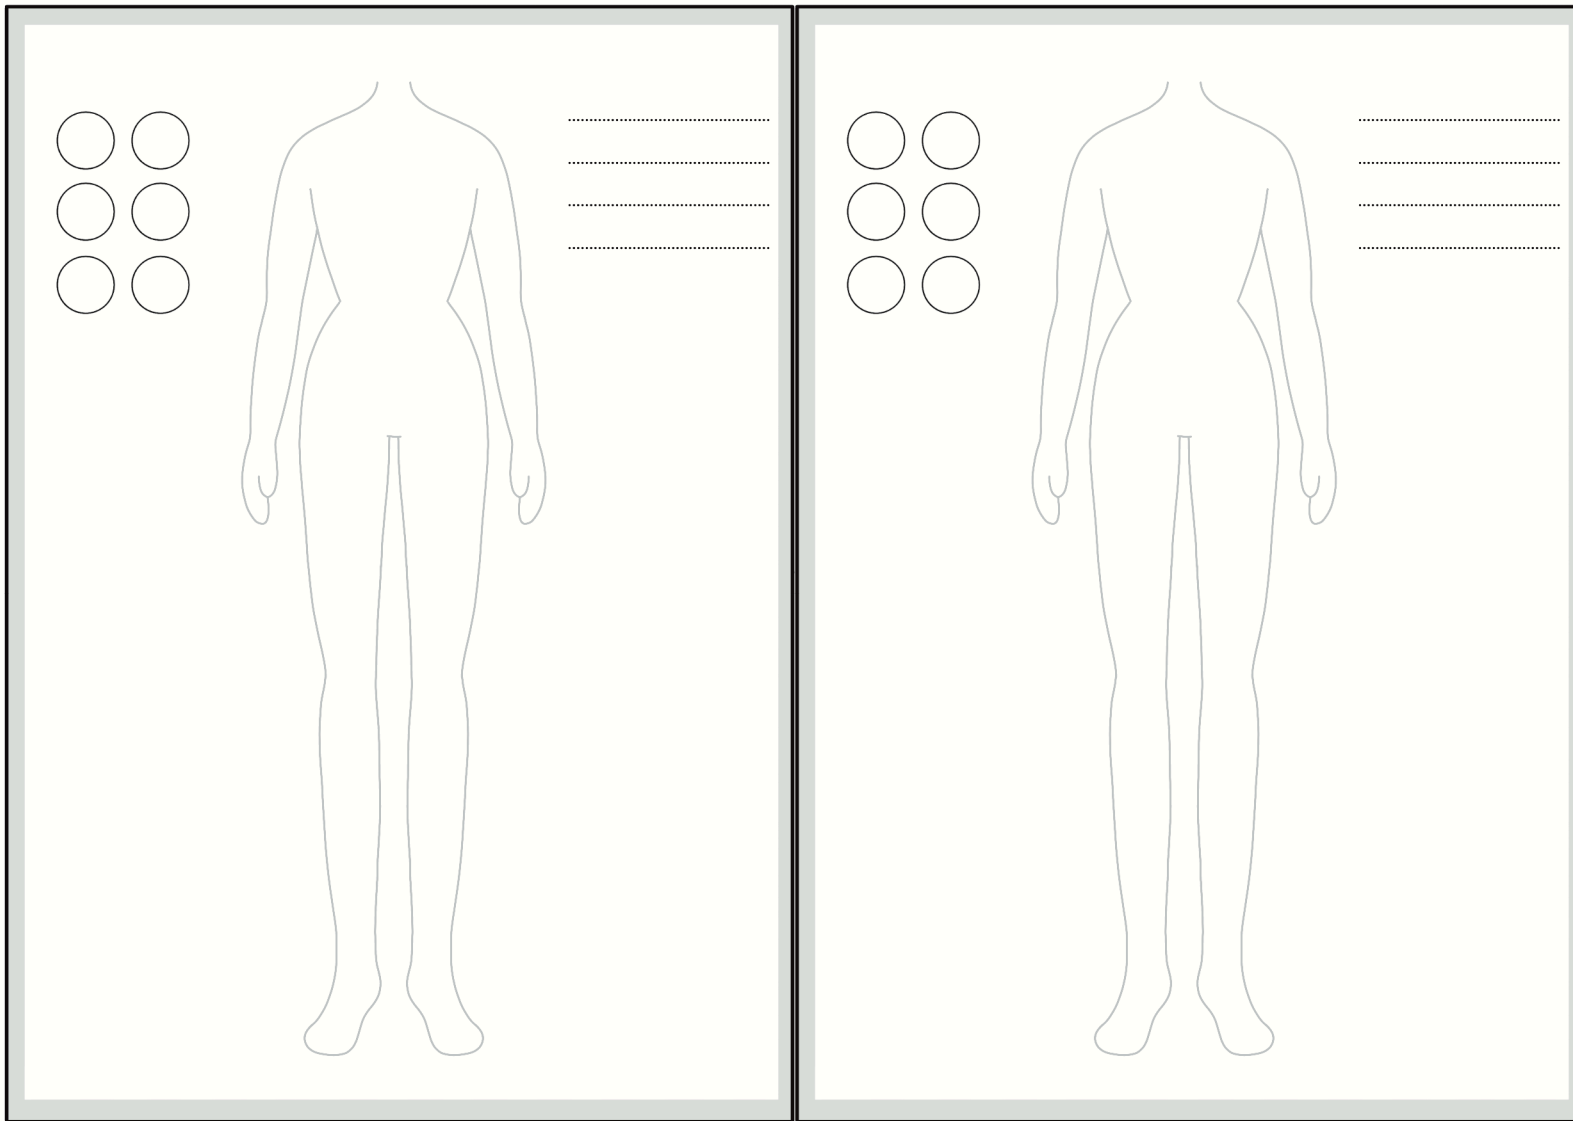

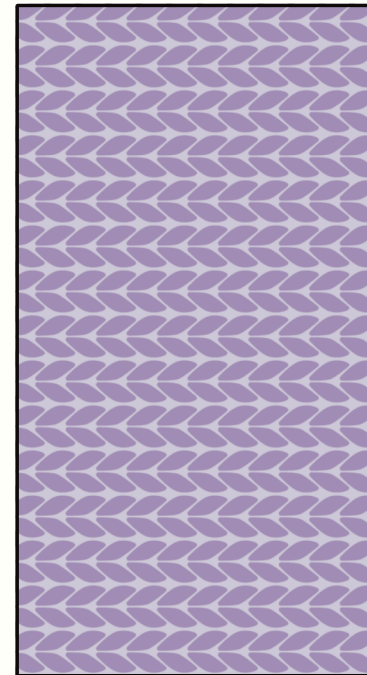

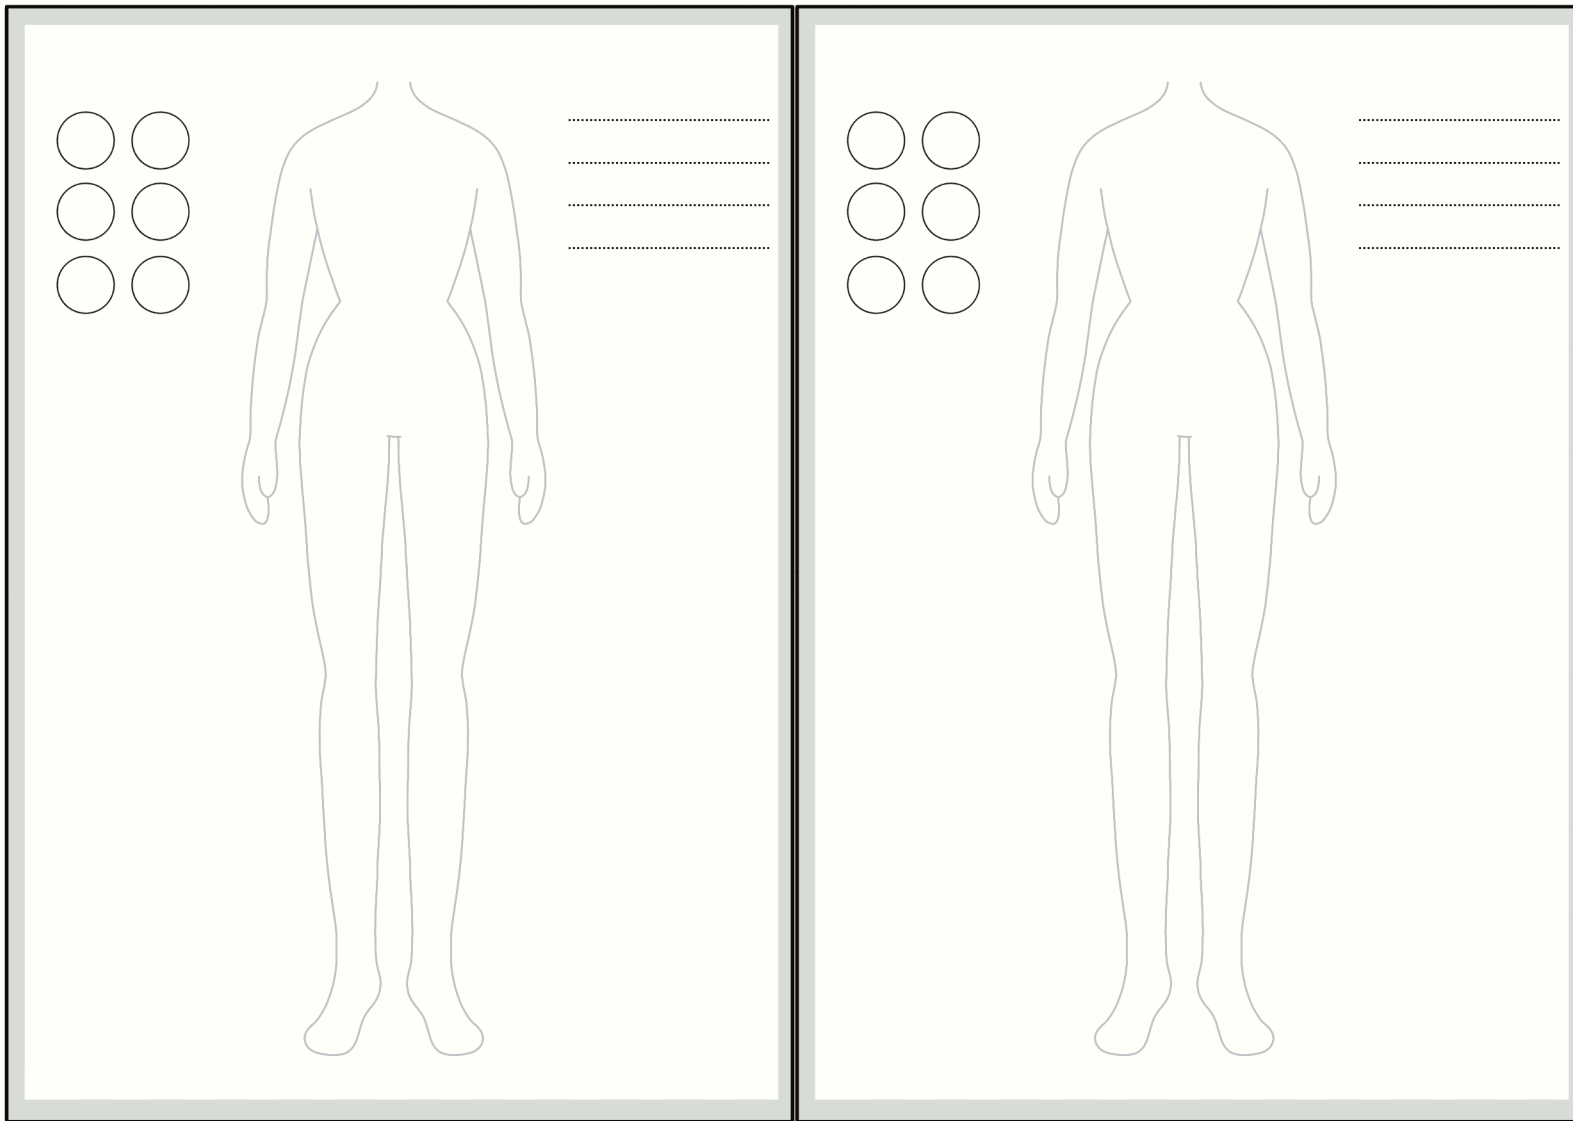

A large purple rounded rectangle with a black border. In the center, there is a smaller, light purple rounded rectangle with a black border, containing five horizontal dotted lines for writing. At the bottom center of the purple rectangle is the logo "LEMAFUN" in a colorful, bubbly font, with "LEARNING MADE FUN" written in a smaller, black, sans-serif font directly below it.
